Vehicle Inspection Report

MASSACHUSETTS VEHICLE CHECK
Cleaner Air • Safer Roads

Please Review This Important Information

Your vehicle has PASSED its SAFETY TEST and FAILED its EMISSIONS TEST. Here is what you need to do now:
* Fix emissions defects within 60 days of your initial inspection.
* You may use any repair shop or fix the vehicle yourself, but consider taking your vehicle to a repair shop that employs state-registered repair technicians who are trained and experienced in performing emissions repairs. Ten nearby shops with registered repairers are listed below.
* Have your repaired vehicle re-tested within 60 days of your initial inspection. The first re-test is free at the original inspection station during this period. The last day for your free re-test is 8/25/2026.
* Pass your re-test and get a new inspection sticker. **If your vehicle fails its emissions test again but a state-registered repair technician made the repairs, your vehicle may still qualify for a new sticker.** See "How to Qualify for an Emissions Waiver or Repair Extension" on page 2.
* If your vehicle does not pass a re-test within 60 days of its initial inspection, RMV may suspend your registration.

Questions? Visit www.mass.gov/vehiclecheck or call Customer Service at 844-358-0135. Customer Service is staffed from 7 a.m. to 5 p.m. Monday through Friday and from 7 a.m. to Noon on Saturday.

MASSACHUSETTS VEHICLE CHECK
Cleaner Air • Safer Roads

Please Review This Important Information

Your vehicle has PASSED its SAFETY TEST and FAILED its EMISSIONS TEST. Here is what you need to do now:
* Fix emissions defects within 60 days of your initial inspection.
* You may use any repair shop or fix the vehicle yourself, but consider taking your vehicle to a repair shop that employs state-registered repair technicians who are trained and experienced in performing emissions repairs. Ten nearby shops with registered repairers are listed below.
* Have your repaired vehicle re-tested within 60 days of your initial inspection. The first re-test is free at the original inspection station during this period. The last day for your free re-test is 3/29/2026.
* Pass your re-test and get a new inspection sticker. **If your vehicle fails its emissions test again but a state-registered repair technician made the repairs, your vehicle may still qualify for a new sticker.** See "How to Qualify for an Emissions Waiver or Repair Extension" on page 2.
* If your vehicle does not pass a re-test within 60 days of its initial inspection, RMV may suspend your registration.

Questions? Visit www.mass.gov/vehiclecheck or call Customer Service at 844-358-0135. Customer Service is staffed from 7 a.m. to 5 p.m. Monday through Friday and from 7 a.m. to Noon on Saturday.

Please Review This Important Information

Your vehicle has PASSED its SAFETY TEST and FAILED its EMISSIONS TEST. Here is what you need to do now:

* Fix emissions defects within 60 days of your initial inspection.
* You may use any repair shop or fix the vehicle yourself, but consider taking your vehicle to a repair shop that employs state-registered repair technicians who are trained and experienced in performing emissions repairs. Ten nearby shops with registered repairers are listed below.
* Have your repaired vehicle re-tested within 60 days of your initial inspection. The first re-test is free at the original inspection station during this period. The last day for your free re-test is 8/1/2026.
* Pass your re-test and get a new inspection sticker. **If your vehicle fails its emissions test again but a state-registered repair technician made the repairs, your vehicle may still qualify for a new sticker.** See "How to Qualify for an Emissions Waiver or Repair Extension" on page 2.
* If your vehicle does not pass a re-test within 60 days of its initial inspection, RMV may suspend your registration.

Questions? Visit www.mass.gov/vehiclecheck or call Customer Service at 844-358-0135. Customer Service is staffed from 7 a.m. to 5 p.m. Monday through Friday and from 7 a.m. to Noon on Saturday.

Re: Marijuana Overlay District & On-Site Social Consumption

Date: November 24, 2026

Below is a timeline regarding the adoption of the Marijuana Overlay District along with a timeline for the drafting of On-Site Social Consumption of Marijuana.

Marijuana Overlay District

Medical Marijuana Overlay District (Section 9.4) and Licensed Marijuana Established Overlay Zone (Section 9.7) Consolidation as recommended with the revisions from the Planning & Development Committee November 9th meeting. This consolidation is to be in compliance with the 2026 State Cannabis Reform Law (H. 5350).

January 13, 2027 – Planning Board public hearing

January 26, 2027 – City Council public hearing

On-Site Social Consumption

Marijuana Overlay District Ordinance would need to be revised further to allow on-site social consumption which includes an update to the special permit requirements and review of the Marijuana Overlay District map.

December – February for both staff drafting and review by City Solicitor

February/March 2027 Review by Planning & Development Committee – refer to City Council

April/May 2027 Planning Board hearing for recommendation and City Council hearing for public hearing and possible adoption.

Should the Council vote to adopt the new ordinance, the City would then notify the Cannabis Control Commission that social consumption is allowed within the City limits.

This is a best-case scenario which is dependent on timing for review by the Planning & Development Committee, Planning Board, and City Council.
