A²ZERO Rebate Program: Residential Yard Care Terms and Conditions

Application

This application, along with any required additional documentation, must be truthful, complete, and accurately filled out. Applicants should retain a copy of this application and any accompanying documentation submitted to the A²ZERO Rebate Program. The City of Ann Arbor and its contractors will not be responsible for lost documentation pertaining to this application request. Details of this program, including rebate levels, are subject to change or cancellation without prior notice. Rebate approvals are subject to funding availability and program requirements. All applications and required documentation must be received within 90 days of the purchase/installation of eligible equipment or by June 30, 2027, whichever is earlier.

Limited Funds

Funds for rebates are limited and available on a first-come, first-served basis. Application submission does not guarantee rebate payment if program requirements are not met. The City of Ann Arbor reserves the right to modify, suspend, or discontinue rebate offerings at any time. Rebate funds are available only while program funding remains available. The City of Ann Arbor reserves the right to deny a rebate if funds are unavailable at the time of final application approval, if the application is incomplete or inaccurate, or if required documentation is not submitted within the required timeframe. The rebate amount may not exceed the pre-tax purchase price of the eligible equipment.

Eligibility

This offer is valid for residents of Ann Arbor. Applicant and equipment must meet all program eligibility criteria. Equipment must be new and operational; refurbished and/or open-box products are not eligible for rebates. Limit one rebate per eligible measure/unit or as noted in each measure section. Applicant must be 18 years or older to be eligible for rebate.

Approval, Verification, and Inspection

Prior to any payment of rebates, the City of Ann Arbor reserves the right to verify sales transactions and installation compliance. No warranty is implied by this inspection.

Proof of Purchase

An invoice, receipt, purchase agreement, or other documentation acceptable to the City of Ann Arbor must accompany each rebate application. Documentation must indicate the eligible measure purchased, the purchase date, price, and any other information required by the applicable measure section.

Payment

Unless otherwise stated, if the cost of the equipment/measure is less than the standard rebate amount, the rebate payment will be pro-rated to 90% of the pre-tax cost of the eligible equipment/measure. Once a completed application and all required additional documentation is submitted, a rebate payment is usually processed within 6 to 8 weeks. Rebate payments are made by check. Payment processing may take longer if information is missing on the application. Applicant may authorize payment of the rebate directly to the contractor.

Tax Liability

The City of Ann Arbor will not be responsible for any tax liability that may be imposed on the recipient of a rebate under the A2ZERO Rebate Program as a result of the payment of the rebate. Applicants should contact their tax advisor for more information.

No Endorsement

The City of Ann Arbor does not endorse any manufacturer, product, system design, claim, or contractor in promoting this program.

Information Release

Applicants agree that the City of Ann Arbor may include their name, address, equipment/measures for which they received rebates, and resulting energy and CO₂e savings in a database, and such information may be included in reports or other documentation submitted to regulatory bodies. This information will be treated as confidential and will only be reported in the aggregate.

Release/Indemnification

Payment of rebates under the A²ZERO Rebate Program and/or evaluation of applications for rebates does not make the City of Ann Arbor or any of its affiliates, employees, or agents responsible for any work completed. Applicant fully releases and agrees to defend, indemnify, and hold harmless the City of Ann Arbor and its affiliates, employees, and agents from any claims in connection with the application, the rebates, and the work performed in connection with the A²ZERO Rebate Program.

Disclaimer

Neither the City of Ann Arbor nor any of its affiliates guarantees the energy or CO₂e savings or makes any warranties associated with the equipment/measures eligible for rebates under the A²ZERO Rebate Program. The City of Ann Arbor has no obligations regarding, and does not endorse or guarantee any claims, promises, work, or equipment made, performed, or furnished by any contractor or equipment vendor in connection with the A²ZERO Rebate Program.

Applicant's Certification

Applicant certifies that they have purchased the equipment listed in this application. Applicant agrees that all information provided in this application is true and accurate.
