

Sustainable Energy Utility (SEU)

Hello from the A2SEU! September has been one of our busiest months yet, and we couldn't be happier to share our many updates with all our readers.

Bryant neighborhood pilot updates

- We currently have **85 Bryant customers officially signed up and 44 systems installed**, on track to meet our goal of 100 customers by the end of 2026!

A2SEU at the Green Fair

We enjoyed participating in the **A2Zero Green Fair** last week, and speaking with many residents - including some of you, dear readers!

Our solar resources are growing!

This month we received the delivery of **9 truckloads full of solar panels** (more than 6,000 panels with a total energy capacity of 3 MW)

to be used in city-wide installations.

Save the Date

- **The SEU will be at the [U-M Climate Week](#)!** Watch an episode of the PBS series "50 States of Sustainability" then hear from a diverse panel - include Executive Director Shoshannah Lenski - as they discuss the film's themes. September 29th, 5:30 PM at Palmer Commons. [Registration requested but not required.](#)
- **Meet the SEU at U-M's annual [Earthfest](#),** October 1 from 10 AM to 2 PM on the Diag. Open to the public, this event brings together sustainability initiatives across the community.

In the News

- **The Detroit News'** Carol Thompson describes the SEU as Ann Arbor "betting on itself" [in this article](#) and accompanying [video](#). Hear from SEU customer Todd Jensen and Executive Director Shoshannah Lenski on the progress in Bryant.

- **WDIV Local 4 News** reports on the SEU. Watch the [video](#) to hear directly from one of the participants, and have a peek at the city's fabulous Green Fair.

Preparing for 2027

- We know you're waiting! We're working very hard behind the scenes to get ready to serve the whole community in 2027. **October's newsletter will be ALL ABOUT 2027:** what we're doing to get ready, and what you can do to be ready for us to serve you, too!
