*Businesses must provide lawn care or landscaping services to properties located within the City of Ann Arbor and provide documentation demonstrating that they serve customers within the city.

Certifications and Signature

I hereby certify that:

1. The information contained in this application is accurate and complete;
2. All rules of the A²ZERO Home Energy, Electric Vehicle & Lawn Care Rebate Program have been followed; and
3. I have read and understand the Terms and Conditions on page 8 of this application.

I agree to verification of equipment installation which may include a site inspection by an A²ZERO Home Energy, Electric Vehicle, & Lawn Care Rebate Program Rebate Program representative. I understand that I am not allowed to receive more than one rebate from this program for any one piece of equipment unless otherwise specified. I hereby agree to indemnify, hold harmless, and release the City of Ann Arbor from any actions or claims in connection with the installation, operation, and/or disposal of equipment (and related materials) covered herein, including liability from any incidental or consequential damages.

Please sign and complete all information below. Customer signature is required for payment.

Phone: 734-726-4747

Income Qualified Applicants: 120% of Area Median Income (Optional)

Applicants that meet the income qualification criteria are eligible for enhanced rebates to offset the costs and burden associated with the purchase of eligible measures. If income qualified, applicant must have previously submitted the income eligibility application and received an Income Verification Number. Reservations for Income Qualified rebates submitted with an invalid or missing income Verification Number will be denied. Please visit osi.a2gov.org/rebates if you wish to apply.

Are you applying for income qualified rebates? Yes No	Income Verification Number (required to receive enhanced rebate):

Measure Reservation

Please only reserve rebate funds for measures you are planning on purchasing. If approved, you will receive a reservation number and the program will hold your rebate dollars for 90 days while your project is completed. After project completion, please submit a complete rebate application and include your reservation number, final invoice, and other required documentation for review and payment. This application can be found on our website at osi.a2gov.org/rebates.

Certain measures require additional documentation to be eligible for reservation. Air-source heat pump reservations require manufacturer, model number, and AHRI certificate information for the complete system. Electric vehicle reservations may require vehicle purchase or lease information sufficient to determine eligibility. Failure to provide required information may result in the reservation being denied.

HVAC & Water Heating

- » Central air-source heat pumps and mini-splits must be cold climate rated
- » Rebates for up to two mini-split systems are allowed per address; a mini-split system is defined as one outdoor unit connected to one or more indoor air handlers
- » Specific combination of indoor and outdoor models installed must be listed on ashp.neep.org
- » Dual-fuel heat pumps are not eligible
- » Licensed mechanical contractor installation is required
- » Required documentation for payment of rebate: completed application; itemized contractor invoice with date of installation, make, and model, paid in full; completed Manual J and AHRI certificate

Eligible Items	Manufacturer	Model Number	Tons	Maximum Rebate*	Qty	Reserve Rebate

Electric Vehicle

- » Applicants must be residents of the City of Ann Arbor or businesses physically located and operating within the City of Ann Arbor.
- » Business applicants must register the vehicle in the business's name and at its Ann Arbor business address. Businesses located outside Ann Arbor are not eligible, even if they conduct business within the city.
- » Applicants must be at least 18 years of age.
- » There is a limit of one rebate, regardless of category, per household or business.
- » Eligible vehicles must be battery electric vehicles (BEVs) powered solely by electricity and charged by plugging into external charging equipment. Hybrid electric vehicles (HEVs) and plug-in hybrid electric vehicles (PHEVs) are not eligible. Vehicles may be new or used and must have four wheels, a battery capacity of at least 10 kWh, and a maximum speed of at least 55 mph. Leased vehicles must have an initial lease term of at least thirty-six (36) months to qualify for a rebate.
- » Eligible vehicles must be purchased or leased from a licensed motor vehicle dealer on or after May 1, 2026, and registered to an eligible Ann Arbor household or business.
- » Rebates may not exceed 90% of the purchase price of the eligible vehicle.
- » As a condition of receiving a rebate, applicants agree to complete brief program surveys annually for the first two (2) years following rebate payment. Survey responses will be used by the City of Ann Arbor to evaluate program participation, vehicle usage, and program impacts.

Eligible Items	Requirements	Rebate	Reserve
Electric Vehicle	Residential: New-All Electric (Income Qualified)	\$7,500	
Electric Vehicle	Residential: New-All Electric (Standard)	\$4,000	
Electric Vehicle	Residential: Used-All Electric	\$4,000	
Electric Vehicle	Residential/Business: New Lease-All Electric (36+ Month Lease)	\$4,000	
Electric Vehicle	Business: New-All Electric Vehicle	\$7,500	

Lawn Care Equipment (Residential and Commercial)

- » To be eligible for a rebate, applicants must recycle a gas-powered piece of equipment of the same type as the equipment being purchased at Recycle Ann Arbor's Drop-Off Station and submit proof of trade-in with their rebate application. New equipment must be manual or electric/battery powered. If equipment is not purchased as part of a battery/charger kit, the cost of up to two batteries and one charger may be included in the rebate calculation.
- » Residential Applicants: Maximum of one rebate per equipment type per household
- » Commercial Applicants: Businesses must provide lawn care or landscaping services to properties located within the City of Ann Arbor and provide documentation demonstrating that they serve customers within the city. Contractor must 1: Provide invoices, receipts, and/or contracts for three (3) residential customers or one (1) multifamily or commercial customer showing customer address(es) in the City of Ann Arbor. (Please redact customer names, phone numbers, and emails) or 2: Provide Articles of Organization/Incorporation showing that the business address is in the City of Ann Arbor
- » Required Documentation: Applicants must submit a completed application; receipt including make, model, date of purchase, proof of payment; proof of trade-in of eligible gas-powered equipment.

A²ZERO Rebate Program Terms and Conditions

Application

This application, along with any required additional documentation, must be truthful, complete, and accurately filled out. Applicants should retain a copy of this application and any accompanying documentation submitted to the A2ZERO Rebate Program. The City of Ann Arbor and its contractors will not be responsible for lost documentation pertaining to this application request. Details of this program, including rebate levels, are subject to change or cancellation without prior notice. Reservation approvals are subject to funding availability and program requirements. A completed rebate application and all required documentation must be submitted within 90 days of reservation approval.

Limited Funds

Funds for rebates are limited and available on a first-come, first-served basis. Reservation approval does not guarantee rebate payment if program requirements are not met. The City of Ann Arbor reserves the right to modify, suspend, or discontinue rebate offerings at any time. Rebate funds are available only while program funding remains available. The City of Ann Arbor reserves the right to deny a rebate if funds are unavailable at the time of final application approval, if the application is incomplete or inaccurate, or if required documentation is not submitted within the required timeframe.

Eligibility

This offer is valid only for owners or residents of residential property located in the City of Ann Arbor and businesses that meet the eligibility requirements described in the applicable measure section of this application. Applicants must be 18 years or older to be eligible. Eligible measures must meet all requirements listed within their respective measure categories. Electric vehicle rebates are subject to additional eligibility, ownership, registration, lease, and survey requirements described in the Electric Vehicle section of this application.

Approval, Verification, and Inspection

Prior to any payment of rebates, the City of Ann Arbor reserves the right to verify sales transactions, vehicle ownership and registration, equipment installation, and compliance with program requirements. Applicant and/or their contractor must comply with all applicable building codes, zoning laws, and local, state, and federal requirements. Applicant is responsible for obtaining any applicable permits as required. The City of Ann Arbor may conduct inspections, request additional documentation, or otherwise verify compliance with program requirements prior to issuing rebate payments.

Proof of Purchase

An invoice, receipt, purchase agreement, lease agreement, or other documentation acceptable to the City of Ann Arbor must accompany each rebate application. Documentation must indicate the eligible measure purchased, the purchase or lease date, price, and any other information required by the applicable measure section. For measures requiring contractor installation, an invoice from the installing contractor detailing equipment installed must accompany the application.

Payment

Unless otherwise stated, if the cost of the equipment/measure is less than the standard rebate amount, the rebate payment will be pro-rated to 90% of the pre-tax cost of the eligible equipment/measure. Once a completed application and all required additional documentation is submitted, a rebate payment is usually processed within 6 to 8 weeks.

Rebate payments are made by check. Payment processing may take longer if information is missing on the application. Applicant may authorize payment of the rebate directly to the contractor.

Tax Liability

The City of Ann Arbor will not be responsible for any tax liability that may be imposed on the recipient of a rebate under the A²ZERO Rebate Program as a result of the payment of the rebate. Applicants should contact their tax advisor for more information.

No Endorsement

The City of Ann Arbor does not endorse any manufacturer, product, system design, claim, or contractor in promoting this program.

Information Release

Applicants agree that the City of Ann Arbor may include their name, address, equipment/measures for which they received rebates, and resulting energy and CO₂e savings in a database, and such information may be included in reports or other documentation submitted to regulatory bodies. This information will be treated as confidential and will only be reported in the aggregate.

Release/Indemnification

Payment of rebates under the A²ZERO Rebate Program and/or evaluation of applications for rebates does not make the City of Ann Arbor or any of its affiliates, employees, or agents responsible for any work completed. Applicant fully releases and agrees to defend, indemnify, and hold harmless the City of Ann Arbor and its affiliates, employees, and agents from any claims in connection with the application, the rebates, and the work performed in connection with the A²ZERO Rebate Program.

Disclaimer

Neither the City of Ann Arbor nor any of its affiliates guarantees the energy or CO₂e savings or makes any warranties associated with the equipment/measures eligible for rebates under the A²ZERO Rebate Program. The City of Ann Arbor has no obligations regarding, and does not endorse or guarantee any claims, promises, work, or equipment made, performed, or furnished by any contractor or equipment vendor in connection with the A²ZERO Rebate Program.

Property Rights

Applicant represents that they have the right to complete and/or install the energy-saving measures on the property on which those measures are completed and/or installed, and that any necessary owner and/or landlord's consent has been obtained.

Applicant's Certification

Applicant certifies that they have purchased and installed (or made to be installed) the equipment listed in this application at the represented location. Applicant agrees that all information provided in this application is true and accurate.
