SAFETY NOTES

Safety Update *Emergency Preparedness*

September is National Preparedness Month, and it is a great time to make sure that you and your loved ones are prepared for an emergency. This could include events such as severe weather, power outages, floods, and other emergencies. Taking a few proactive steps can make a big difference to you, your family, and your home.

- Make an emergency plan. You can visit www.read.gov/plan to get started. Have an evacuation plan and discuss it with the other members of your household. Make sure you are signed up for emergency alerts. You can sign up for alerts by visiting <https://www.a2gov.org/alerts>.
- Keep an emergency kit in your vehicle and keep sufficient emergency supplies at home. This should include several days of food and water as well as flashlights, a first aid kit, batteries, and necessary medications.
- Have important phone numbers written down or memorized.
- Keep important documents in a fire-proof safe.

For more information on preparedness, please visit <https://www.ready.gov> and thank you for making **A2 Safe!**
