A MESSAGE FROM MAYOR AMY WILCZYNSKI

Another cold kick off to the summer with a cold and rainy Memorial Day, but summer is finally here! We had a beautiful ceremony to honor those who gave all on Memorial Day, even though we had to cancel the parade and take the ceremony indoors. The Brookside student speeches were excellent, and many mentioned they could hear them much better indoors, so a silver lining. The sun came out just in time for another favorite Allendale tradition: hotdogs and beverages at the firehouse!

We have a lot of changes in our **police department** that I am happy to announce:

- Sergeant Jamie Hillgardner was promoted to Lieutenant
- 2 officers were promoted to Sergeant- Chris Naumov and Mark Dunn
- LT Todd Griffith just retired after serving the department and Allendale residents for 38 years!

These promotions reflect the hard work, dedication and integrity of our police department led by Chief Mike Dillon.

Last year I formed a **sidewalk committee** to take another look at how to make Allendale more walkable. Our team consists of our Borough Engineer, Borough Administrator, traffic officer Sgt Naumov, our Code Official, Council President Lovisolo and myself. We had all hands on deck to evaluate short- and long-term solutions. A reminder that sidewalk repairs are the homeowner's responsibility: we are looking at ways to enforce this that will not cause undue hardship.

Some residents had questions about their **tax bill**. Third quarter always seems a little 'heavy' because it is offsetting the estimated taxes of Q1 & Q2. Multiplying the 3rd Q tax bill by 4 is not an accurate reading of your 2026 taxes. Read on for a more detailed explanation in this newsletter.

Crestwood Lake season is kicking in! Please consider joining even if you have a pool. It's a wonderful space to meet new friends and gather with old friends. We have kept rates very reasonable for residents this year. We are also continuing the summer concert series: [view the schedule here](#) or further on in this newsletter. It's free to all and a wonderful evening at the lake.

As we continue our **250 Anniversary of America celebrations**, please mark your calendars for the 250th event on September 19 hosted by the Holiday Observers. The Borough is teaming up with them for a fun and festive parade that will lead up to the events at the red barn. Are you creative? Interested in creating a float to march in the parade? You can sign up on the Borough website [here](#).

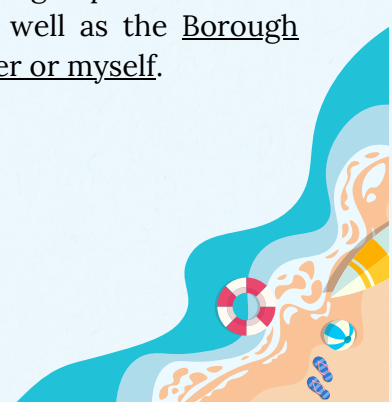

Thanks to all that came to the **Town Hall**, asked great questions and expressed your support!

If you know anyone who is not receiving these messages, please encourage them to [sign up for alerts and emails](#) and follow the [Mayor Amy Wilczynski Facebook](#) and [Instagram](#) pages as well as the [Borough Facebook](#) and [Borough Instagram](#) pages. Also feel free to [contact any council member or myself](#).

Please say hi anytime you see me around town!

A stylized, handwritten signature of the name 'Amy' in blue ink.

GARBAGE

- Household kitchen, office & bathroom trash

BULKY TRASH

- Furniture
- Carpeting
- Non-metal items
- Windows/mirrors/pane glass must be taped with an "X"

METAL

- Anything that is at least 75% metal, including artificial Christmas trees.

STYROFOAM

EPS #6 Packing foam is recyclable! Stay tuned for Allendale Green Team's next collection.

Contact the Green Team at allendalegreenteam@gmail.com for information on recycling any material not collected curbside.

RECYCLING

Container One:

- Newspapers & inserts
- Junk mail, envelopes, office, notebook, construction paper
- Smooth and corrugated cardboard
- Glossy magazines and catalogs
- Soft-covered books and telephone books
- Non-metallic wrapping paper & greeting cards
- Shredded paper
- Brown Grocery bags

Container Two:

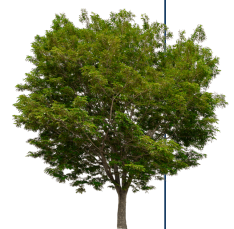

- Food & beverage containers
- Plastic containers with a recycling code 1, 2, 5 & 7
- Aluminum cans, foil
- Aseptic packaging (ex. soup, milk containers)
- Metal cans & empty aerosol cans
- Green, clear & brown glass bottles and jars

**Please note that there are 2 separate trucks that pick up recyclables.

TREE INSPECTIONS

Residents are encouraged to have trees on their property inspected by a licensed arborist or other tree care specialist to identify and address and dead or diseased trees before they become hazardous.

If a tree needs to be cut down, please visit allendalenj.gov for a [tree removal permit application](#).

RIDE SAFE. RIDE SMART.

We're All In This Together.

Understanding 3rd Quarter Tax Bill

- 1st and 2nd Q preliminary taxbills are based off of prior years' assessments and tax rate (2025).
 - **WHY?** The municipal budget is not adopted, and we don't have current assessments at that time.
- By law the state requires preliminary taxes of Q1 & 2 of 2026 to be billed at the end of the year with the 4th Q 2025 tax bill.
- 3rd quarter always seems a little 'heavy' because it is 'making up for Q 1 & 2 if tax rate or assessments increased for the current year. **Multiplying the 3rd Q tax bill by 4, is not an accurate reading of your 2026 taxes.**

How to calculate your estimated 2026 taxes.

2026 Assessed Value x 1.906*/100

* (still estimated because we do not have county increase yet)

Your 2026 assessed value was mailed to you.

You can also access your property assessment on our website: www.allendalenj.gov Go to pay property taxes- enter name and see assessed value.

Assessment Facts

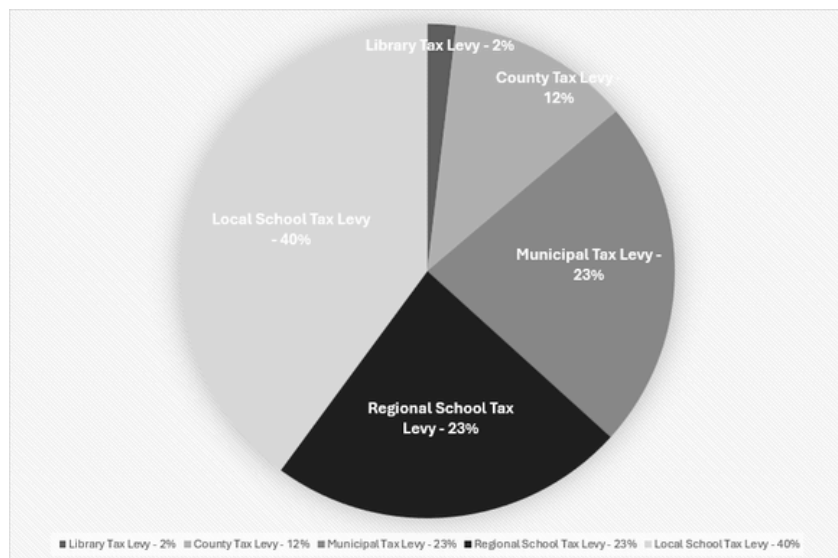

- Overall Assessments were up 10% (this is the highest increase we have had over the last 5 years) although based on the decreased tax rate, the tax impact is not as significant: 60% of residents are expected to see a decrease or small increase (0-\$100) and 40% will receive an increase over \$100
- Allendale is booming with new additions, new homes and other improvements. This in turn increases the overall assessments of the Borough, not only the improved and upgraded homes. The strongest factor when re-assessing homes is the current market which requires towns to reassess homes at full and fair value.

Any questions- email alisonaltano@allendalenj.gov or call (201) 818-4400 X 205 or Ginawittmaack@Allendalenj.gov at X206

The municipal tax rate decreased 10%.

The total tax rate (including schools, county and library) is estimated to be a decrease of 6%

Where your dollars go:

How Property is Valued for Property Tax Purposes

New Jersey's real property tax is "ad valorem" meaning that each person pays tax based on the value of the property they own.

Standards for Valuing Property

New Jersey courts have determined "full and fair value," "market value," and "true value" to be synonymous.

Property is to be assessed for taxation purposes by general laws and

uniform rules. All real property must be assessed according to the same standard of value except for agricultural/horticultural land.

True value is the price at which, in the assessor's judgment, real property would sell for at a fair and bona fide sale.

T rue market value is the likely price that a property will bring in a competitive market

under essential conditions for a fair sale. It assumes that there is a willing buyer and willing seller and neither is negatively influenced; e.g. selling property to finalize a divorce. Market price is the actual amount that is paid for a property. The actual price paid is not always what the property's true value is on the real estate market.

Sales Comparison

This method determines the market value by comparing similar properties that have been sold in the municipality. The following factors may be used to calculate the value.

- Number of rooms
- Size of the rooms
- Quality of material
- Quality of workmanship
- Physical condition
- Location
- Time of the sale

Income Approach

This method determines the market value based on the property's income-producing capabilities.

analyzes the future income stream...

to determine the purchase price...

estimating what could be the future benefit...

★ All 3 methods should be used when possible in the valuation of every property. One method may be more relevant than the others and given more weight in the valuation process.

Factors Affecting Property Value:

Economic

- Purchasing power
- Wage levels
- Employment rates
- Inflation
- Recession
- Housing
- Shortage/Surplus
- Interest/Mortgage Rates
- Construction costs for materials and labor

Environmental

- Geography and location
- Weather conditions
- Soil types
- Waterways
- Surrounding neighbors
- Proximity to schools, churches, stores, transportation

Physical Characteristics

- Surrounding properties
- Comparable properties
- Subject property in terms of :
 - ⇒ Construction quality
 - ⇒ Age
 - ⇒ Maintenance level
 - ⇒ Depreciation
 - ⇒ Architectural style
 - ⇒ Lot size or acreage

Government

- Public service e.g. police/fire protection
- Zoning ordinances
- Building codes
- Taxes assessed

Methods of Valuing Property:

T here are 3 methods for determining property value for tax purposes. Selection of a method depends on the nature of the property.

- Cost of replacement
- Market data or sales comparison
- Income approach

Cost of Replacement

Commonly used for new construction; it estimates the cost of building that structure. The new building is compared with another building that has the same or equal functionality. The land value is added to the cost of the building improvements minus depreciation if not new construction to get the total value of the property.

Revaluation, Reassessment and Compliance Plans:

Revaluation/Reassessment

These programs may be needed when there is evidence that properties are not assessed uniformly throughout the taxing district. The intention of the process is to distribute the tax burden equitably amongst taxpayers by assessing each property according to its true value.

Added Assessment

New construction, structural additions and improvements completed during the tax year are valued and taxed so that the property does not avoid its fair share of the tax burden for the rest of the year.

Omitted Assessment

An omitted assessments is an assessment, that by error, was not placed on the property at the right time.

Appeals

Taxpayers who disagree with their property's assessment have the right to file an appeal with their county tax board. The taxpayer can appeal directly with the New Jersey State Tax Court if the property is assessed for more than \$1,000,000.
