It's officially fall, and fall activities and sports are in full swing! Who would have thought we'd be having fireworks in October? But we are! 🎆 Mark your calendar for **Thursday, October 22**, with fireworks planned to begin around 6:45 p.m. If you still have your tickets from July, bring them along. Otherwise, bring your ID to show that you're an Allendale resident.

After talking about the Turner property, located across from the Crestwood Lake entrance, for nearly five years, I'm happy to announce that **we expect to close on the property in early November!**

The purchase and demolition costs are covered through a county grant and open space funding. This will be a wonderful addition to our town! Study after study has shown that preserving open space can be financially beneficial to communities while protecting their character, sustainability, and quality of life. I'm excited to see this long-awaited project move forward!

Mark Your Calendar!

We have three upcoming events at our Community Center:

- **Friday, October 16: Flu Shot Clinic, 10 a.m.-2 p.m.**
- **Wednesday, October 28: Town Hall #4, 7-8:30 p.m.**
- **Thursday, October 29: Halloween Party for the little ones, 3-6 p.m.**

I always say that for a small town, we certainly have a lot going on!

Staying Connected Beyond Allendale

I've attended several mayors' meetings this month, and we were pleased to welcome Senator Holly Schepisi to our most recent Council meeting.

It's important to look beyond our Allendale bubble and stay informed about issues at the state and federal levels that can ultimately affect our small town. Too often, state mandates take a one-size-fits-all approach, which can be frustrating for mayors who see firsthand the challenges these policies create for their communities.

By working together and making our voices heard, we can help bring greater attention to the needs of towns like Allendale. That's one of the reasons I'm becoming more involved at the state level.

A New Tool to Improve Pedestrian Safety

As our ongoing safety initiatives continue, the Allendale Police Department has added another tool to its safety efforts: **automated crosswalk enforcement devices, called safety sticks.**

One of the most common complaints we hear is about vehicles blocking or parking in crosswalks, creating hazards for pedestrians. These devices are installed at both downtown crosswalks and detect vehicles that remain in or around the crosswalk area for more than 90 seconds. Potential violations are sent to the APD for review before any ticket is issued.

Similar systems have been successful in other municipalities, with reports of up to an 85% reduction in illegal parking. Our transit lot is conveniently located near our downtown businesses and offers plenty of parking, so please use it rather than risk pedestrian safety.

These are not Flock cameras, and your information is not stored. The purpose is simple: to improve pedestrian safety and keep our crosswalks clear for everyone.

Wishing everyone a happy, fun, and safe Halloween! 🎃

I hope to see you and your families at many of these events. As always, thank you for allowing me the opportunity to serve as your Mayor.

If you know anyone who is not receiving these messages, please encourage them to [sign up for alerts and emails](#) and follow the [Mayor Amy Wilczynski Facebook](#) and [Instagram](#) pages as well as the [Borough Facebook](#) and [Borough Instagram](#) pages.
