ADMINISTRATION

Council Committee Reports

Councilman Matthew O'Toole, Public Safety Committee Report: Councilman O'Toole thanked all agencies involved in keeping residents safe during the Fourth of July events, particularly during the severe storm that moved through Crestwood Lake. He noted that the situation could have been disastrous but that the lake was evacuated in sufficient time for residents to return home or seek shelter in their vehicles before the thunder and lightning intensified.

Councilman O'Toole reported that changes were made to the Police Department's promotional ordinance for positions ranging from Sergeant through Chief. The revisions address required lengths of service as a police officer, both within Allendale and in other jurisdictions, as well as the amount of time served in certain ranks before becoming eligible for promotion to higher positions. He explained that the changes are intended to ensure that the Borough considers the most qualified candidates for each position while also expanding the pool of eligible candidates.

In response to concerns raised by residents, the Borough will extend the fog line on Chestnut Street nearly to Franklin Turnpike to improve pedestrian safety. Councilman O'Toole also reported that the safety sticks will be installed in the downtown area in the coming weeks. These automatic parking enforcement devices will be placed near downtown crosswalks to discourage vehicles from parking within designated safety zones, obstructing sightlines on either side of crosswalks, or parking across crosswalks.

Councilman O'Toole announced that the next Gary Letezio Memorial Blood Drive will be held on July 31, 2026, from 1:00 p.m. to 7:00 p.m. at the Allendale Community Center, with the Allendale Library joining as a sponsor. AB&G will once again offer its "Pint for a Pint" promotion. He noted that two blood emergencies have already been declared this year and emphasized the importance of all eligible individuals donating blood, as each pint donated can help save up to three lives.

Mayor and Council of the Borough of Allendale Regular Meeting of Mayor and Council – July 16, 2026

Councilpresident Susanne Lovisolo – Finance, Human Resources, Administration & IT, Land Use and Construction Code Report: Council President Lovisolo commended the Mayor, Public Safety Committee, Police Department, and everyone involved in making the decision to modify the July 4th festivities due to the weather conditions. She stated that she looks forward to the rescheduled fireworks on September 26, 2026, which will provide a great conclusion to Allendale Day.

Council President Lovisolo reported that there were no significant updates regarding Land Use at this time. The next Land Use Committee meeting is scheduled for Thursday at 9:30 a.m. at Borough Hall.

She also reported that planning meetings have been taking place for the Borough parade and thanked the members of the committee, noting the Mayor's integral involvement. The Borough parade will lead directly into the Holiday Observers' event as part of the community's festivities.

In recognition of the nation's 250th anniversary celebrations, Council President Lovisolo announced that the Allendale Library will hold the second installment of its "Beat of America" Concert Series on August 10th, featuring early American chamber music.

Lastly, she announced that the Green Team will host another collection event this Saturday for Styrofoam and other accepted materials.

Councilman Yaccarino, Facilities, Parks and Recreation/Land Use and Construction Code Report: Councilman Yaccarino reported that the Facilities Committee met the previous evening and discussed several matters related to the Crestwood concession stand, ongoing field maintenance, and maintenance protocols. The Committee is also determining which field will be selected for maintenance work this fall. He further reported that the Borough is working to advertise the Crestwood concession bid earlier this year in an effort to attract a larger pool of interested applicants, including both new and previous candidates.

Councilman Yaccarino announced that the upcoming concert featuring Midlife Crisis, originally scheduled for Saturday, will likely be postponed due to the anticipated weather. Jim O'Nesias reached out regarding the postponement, and a new date will be selected. He also noted that Tim Gysin has expressed interest in performing, with a potential weekday performance being considered.

Councilwoman Elizabeth Homan – Finance, Human Resources, Administration & Information Technology, Public Works & Public Utilities Reports: Councilwoman Homan expressed her gratitude to everyone who worked during the July 4th festivities to ensure that residents and attendees were able to exit safely during the severe weather. She stated that she looks forward to the rescheduled September event.

Regarding sewer matters, Councilwoman Homan reported that the Borough continues to face challenges involving sewer flows coming from Saddle River. She thanked Borough Engineer Mike Vreeland, Borough Attorney Ray Wiss, and Mayor Wilczynski for their continued efforts and teamwork. She emphasized the importance of balancing Allendale's desire to be a good neighbor and assist Saddle River in meeting its affordable housing obligations while ensuring that the interests of Allendale residents remain the Borough's primary focus.

Mayor and Council of the Borough of Allendale

Regular Meeting of Mayor and Council – July 16, 2026

Regarding the water system, Councilwoman Homan reminded the public that when the Borough sold its water system to Veolia, the agreement included a ten-year rate stabilization provision, with rate changes subject to approval by the New Jersey Board of Public Utilities (BPU). Under the agreement, an increase of up to five percent was permitted for 2026.

Councilwoman Homan explained that the Borough recognized the importance of formally participating in the rate proceedings and, through Borough Attorney Ray Wiss, obtained intervenor status. She noted the significant community participation at the initial public hearing held in April, which helped establish strong communication among the Borough, Veolia, the BPU, and the Ratepayer Advocate. Councilwoman Homan, Mayor Wilczynski, and Attorney Wiss subsequently participated in ten BPU settlement meetings.

Councilwoman Homan was pleased to announce that Allendale residents will receive a zero percent increase in water consumption charges for 2026, despite the agreement permitting an increase of up to five percent. She noted that the Borough worked diligently toward this result, particularly in light of the larger rate increase approved by the BPU in 2024. As a result, Allendale customers will not see an increase in their water consumption rates on their bills.

Councilwoman Lovisolo, on behalf of the remainder of the Council, thanked Councilwoman Homan, Mayor Wilczynski, and Borough Attorney Ray Wiss for their extensive work and efforts in achieving this result.

Staff Reports:

Linda Cervino, Municipal Clerk's Report: The Municipal Clerk reported on the No-Knock Registrations stating as of the date of the meeting, July 16, 2026, 246 residents registered their address.

Linda revisited Councilwoman's comment about the Recycling Event. It also includes battery collection, reusable bags and canned food collection, coats and boot drive. Compost bins and rain barrel are available for sale.

Raymond Wiss, Borough Attorney's Report: Attorney Wiss reported that the past several weeks had been extremely busy and emphasized the significant efforts of Councilwoman Homan and Mayor Wilczynski in connection with the Veolia water rate case. He noted that they participated in ten public hearings, as well as several ancillary proceedings, many of which took place during the business day and required them to take time from their regular schedules. Attorney Wiss further noted that Allendale was the only municipality to participate as an intervenor in the proceedings.

Attorney Wiss explained that Veolia had sought to apply the same rate structure to Allendale customers as other customers throughout the state, notwithstanding the contractual rate stabilization commitments made in connection with the sale of Allendale's water utility to Suez, now Veolia. He stated that, without the involvement and advocacy of Mayor Wilczynski and Councilwoman Homan, Allendale could have been treated as simply another municipality subject to the proposed increase. Instead, their efforts helped protect the Borough's contractual interests and ultimately resulted in a zero percent increase in water consumption charges for Allendale customers. He commended Mayor Wilczynski and Councilwoman Homan for their substantial efforts in achieving this result.

Mayor and Council of the Borough of Allendale

Regular Meeting of Mayor and Council – July 16, 2026

Attorney Wiss also reported that litigation initiated by an Allendale homeowner involving the Borough and Veolia remains ongoing, and the Borough continues to work on that matter.

He further discussed the Borough's ongoing work with Saddle River and Toll Brothers regarding two development projects in Saddle River. He explained that the Borough continues to seek an appropriate balance between protecting Allendale residents and the Borough's sewer system while also accommodating the needs of neighboring Saddle River, which does not have its own sewer system. Attorney Wiss noted that this has been an extended process in which Mayor Wilczynski has been deeply involved and that discussions remain ongoing.

Lastly, Attorney Wiss addressed Ordinance No. 26-18, concerning Police Department promotional procedures, which was introduced that evening. He noted that considerable work and numerous meetings went into developing the ordinance, with participation from Mayor Wilczynski, Public Safety Committee members Councilmen O'Toole and Daloisio, the Borough Administrator, and Police Chief Dillon. The ordinance went through numerous revisions and incorporated suggestions intended to benefit the Police Department and provide appropriate opportunities for promotion and advancement. Attorney Wiss commended everyone involved for their efforts in bringing the ordinance to the point of introduction.

MAYOR'S REPORT:

Mayor Wilczynski described the Veolia water rate case as a monumental undertaking and recognized Councilwoman Elizabeth Homan for her exceptional efforts throughout the process. She commended Councilwoman Homan's extensive knowledge, attention to detail, and the significant amount of paperwork, testimony, and financial data she reviewed and analyzed on behalf of the Borough. Mayor Wilczynski noted, as previously reported by the Borough Attorney, that Allendale was the only municipality to participate as an intervenor and emphasized the complexity of the BPU process. She stated that the Borough learned a great deal about the BPU proceedings and thanked Councilwoman Homan for her tremendous work on behalf of Allendale residents. She further noted that the successful outcome demonstrates the additional efforts undertaken by Borough officials to maximize the value of residents' tax dollars.

Mayor Wilczynski also expressed the Borough's strong support and appreciation for the Allendale Police Department. She explained that the revisions to the Police Department promotional ordinance were developed with the goals of creating a fair process, providing opportunities for professional growth and advancement, and encouraging officers to remain with the Department. Considerable time was spent reviewing, writing, and revising the ordinance to ensure that the promotional process appropriately serves the members of the Department.

Regarding traffic and pedestrian safety, Mayor Wilczynski reported that the Borough continues to conduct traffic studies and has retained a traffic engineer to evaluate ways to make Allendale safer. One particular study involves an intersection on Beresford Road where a significant number of children cross. Due to the complexity of the intersection, the Borough is seeking expert guidance regarding potential safety improvements.

Mayor and Council of the Borough of Allendale

Regular Meeting of Mayor and Council – July 16, 2026

Mayor Wilczynski concluded by highlighting several upcoming community events. Allendale Day will be held on September 26th, followed by the rescheduled fireworks presented in conjunction with the Holiday Observers. She also announced the upcoming 250th anniversary celebration and Borough parade on the 19th, which will include vendors, floats, and other festivities. In addition, commemorative apparel is available in celebration of the 250th anniversary and Crestwood Lake.

PUBLIC COMMENTS ON ANY MATTER:

Lauren Chin, 23 Beresford Road, Allendale. Ms. Chin asked about the next steps the Borough is taking to evaluate pedestrian safety and the potential placement of a crossing guard at the intersection of Beresford Road and Crescent Avenue. She stated that she had previously submitted correspondence and had been in communication with members of the Police Department regarding her concerns.

Ms. Chin noted that Allendale prides itself on being a safe community and referenced the Borough's recognition as one of the safest communities in the country. She emphasized the importance of providing children with a safe environment that allows them to independently walk or bicycle to and from school.

Ms. Chin discussed the existing pedestrian-activated flashing warning system at the intersection, stating that she did not believe it was sufficiently effective in alerting approaching motorists or slowing traffic. She acknowledged that a variety of safety improvements could be considered, ranging from the placement of a crossing guard during school hours to longer-term measures, such as a traffic signal or other improvements that may require a greater financial investment.

She asked what residents could do to assist the Borough, including whether additional community participation or a petition would be helpful. She noted that the issue is of particular concern to families in the San Jacinto neighborhood, where dozens of children currently cross the roadway by bicycle or on foot.

Mayor Wilczynski thanked Ms. Chin for attending and explained that the intersection presents several challenges, including roadway configuration and sight-distance issues, making the solution more complicated than simply assigning a crossing guard. She stated that the Borough is retaining a traffic expert and has already contacted Bergen County, which is expected to pave the roadway. The Borough intends to coordinate with the County's engineer, an outside traffic engineer, and the Borough Engineer to evaluate potential improvements.

Mayor Wilczynski further reported that Chief Dillon has spent considerable time taking measurements and evaluating conditions in the area. She acknowledged that conditions have changed over time, including an increase in the number of children walking to school, changes in driving behavior, and increased traffic. She also noted that the Borough is undertaking a broader review of sidewalks and pedestrian conditions throughout the community.

Mayor and Council of the Borough of Allendale
Regular Meeting of Mayor and Council – July 16, 2026

Mayor Wilczynski stated that the Borough's goal is to develop a plan for the intersection before the start of the school year and invited Ms. Chin to continue contacting her for updates.

There was also discussion regarding whether a crossing guard had been stationed at the location in prior years. Ms. Chin referenced information indicating that a crossing guard may previously have been assigned there but was not sufficiently utilized; members of the Council indicated that there had not been a crossing guard at that location.

Mayor Wilczynski concluded by noting that recruiting and retaining crossing guards continues to be challenging and that the Borough has explored potential solutions to address that issue.

Walter Widmer, 38 Hamilton, Allendale. Mr. Widmer asked for clarification regarding the date and times for Allendale Day and the rescheduled fireworks. Mayor Wilczynski responded that Allendale Day will be held from 9:00 a.m. to 1:00 p.m., with the fireworks scheduled for approximately 7:00 p.m. to 7:30 p.m.

Mr. Widmer also raised concerns regarding roadway conditions following utility pipe repairs. He stated that he had been advised that crews typically return approximately one year after a pipe repair; however, that has not yet occurred. Mr. Widmer expressed concern about the excessive bumpiness and uneven conditions of the affected roadways.

No one else from the public came forward.

ADJOURNMENT:

There being no further business to come before the Mayor and Council, on a motion by Councilman Yaccarino, second by Councilman O'Toole and unanimously carried, the work meeting was adjourned at 7:34 p.m.

Respectfully submitted;

Linda Louise Cervino, RMC
Municipal Clerk

 - (a) A written or oral test relating to the duties, responsibilities and job functions of the position being sought, to be prepared and administered by the New Jersey State Association of Police Chiefs (or prepared and administered by such other person, association or organization as may be authorized by the Public Safety Committee). The test shall constitute 30% of the overall total score for each eligible candidate, based on a test that contains a maximum value of 100 points.

For example, a candidate who receives 70 points out of the total of 100 possible total points for the test shall receive 21 points towards the overall total score ($70 \text{ points} \times 30\% = 21 \text{ points}$). Only those candidates who achieve such minimum score shall be eligible to continue forward in the promotion process for promotion to Sergeant. A ranked list of eligible candidates for promotion shall be created based on the outcome of the aforesaid test.

- (b) Interview #1: Each eligible candidate who has received on the test the minimum score required to continue forward in the promotion process shall be interviewed by an oral interview administered by an interview panel (the "interview panel") comprised of the following persons: the Public Safety Committee, the Chief of Police, the Borough Administrator, and no more than the next two highest ranking command staff members of the Allendale Police Department, if they exist. The total possible points for this oral interview shall be 100 points. The total possible points for this oral interview shall be 100 points. For example, a candidate who receives a total of 60 points out of the total of 100 possible total points for this oral interview shall receive 21 points towards his/her overall total overall score ($60 \text{ points} \times 35\% = 21 \text{ points}$).

For example, a candidate who receives 70 points out of the total of 100 possible total points for the test shall receive 21 points towards the overall total score ($70 \text{ points} \times 30\% = 21 \text{ points}$). The minimum threshold/score required to be eligible for promotion shall be 70 points. Only those candidates who achieve such minimum score shall be eligible to continue forward in the promotion process for promotion to Captain, or Lieutenant. A ranked list of eligible candidates for promotion shall be created based on the outcome of the aforesaid test.

The total possible points for this oral interview shall be 100 points. For example, a candidate who receives a total of 90 points for this oral interview shall receive 31.50 points towards his/her overall total score ($90 \text{ points} \times 35\% = 31.50 \text{ points}$). To accomplish this, BVE will undertake the following tasks:

- TASK 6.** Conduct speed study along West Crescent Avenue within the vicinity of Beresford Road crosswalk on a typical weekday (*Tuesday, Wednesday, Thursday*). We shall obtain a minimum of 100 free flow data points in each direction. This will be used to determine the free flow speed and if any changes are appropriate.

PHASE 2: PARK AVENUE EVALUATION

A Traffic Safety Analysis will be completed along the corridor of Park Avenue between West Crescent Avenue and Brookside Avenue to evaluate existing operating conditions and provide traffic calming recommendations, as appropriate.
