

FREE Technical Assistance!

Energy Code Coach offers free, professional and friendly consultation online, over the phone or in the field or office. We're here to help!

How Can Energy Code Coach Help You?

- **Code Questions:** Energy Code Coach answers your specific questions about the code, forms, compliance thresholds, process - anything about the Title 24 Energy Code or CALGreen!
- **Plan Review Support:** We can go over plans, forms and building department comments.
- **Trainings:** We can present trainings for your department or firm, online or in-person.

What is CCR REN?

Central California Rural Regional Energy Network expands access to energy efficiency programs by bringing ratepayer dollars back to the communities of Central California.

Central California Rural Regional Energy Network

The Central California Rural Regional Energy Network is administered by the County of San Luis Obispo and funded by California utility ratepayers under the auspices of the California Public Utilities Commission.
